25X1 12. [] Met with Acting Chairman Stuart Symington, Senate Armed Services Committee, whom I briefed regarding a sensitive matter.

Left with Symington a copy of Mr. Helms' memo for the record of 28 July 1970 regarding a discussion with Attorney General Mitchell on domestic intelligence. Symington said he would take this memo and its attachments to Ed Braswell, of the Committee staff, for inclusion in the Committee's files, and that I should show a copy to Senator Jackson.

Symington said he was furious with Carl Marcy, Staff Director, Senate Foreign Relations Committee, for suggesting to the press that Helms might have deliberately misled the Committee at the time of his confirmation and that he thought it might be desirable for Helms' appearance before the Committee on Monday to be an open session so that Helms could speak for himself and clear the record.

25X1A Later in the day Symington called to ask if we could find out for him how to get in touch with [] who in 1970 was a Presidential aide concerned with intelligence matters. I said we would try. Symington also asked me who [] was.
